Range Finder Systems

"Mccoy's innovative Range Finder system which captures the range of the Target and provides 3d images which will help to visualize the range data from different objects."

Key Modules:

- Rapid Sensing
- Moving Object Sensing
- Minute Object Sensing

Benefits:

- Safe Operation & Unrestricted.
- Optimal measurement range of 6-48 inches (15-122 cm) with an accuracy error <5%, average 3%.
- Nearly instantaneous range data.
- Compact module with integrated CMOS camera and laser system.
- Accurate tracking of a moving target.
- Easier, more accurate ranging of smaller targets.

About Mccoy SecureFinance

A reliable Business Solutions provider addressing a wide range of customers across world and consistently deliver key Business Solutions.
