## ILogistics Track

"Mccoy's ILogistics Track is a comprehensive solution, enabling you to identify and track parcels, pallets, cages, crates, cases, etc. during processing and transit, i.e. in production centers, distribution warehouses and storerooms, and during the shipment, reception and/or inventory processes implemented in storage areas."

### Key Modules:

- Bookings
- Dispatch
- Rates
- Status Track
- Complaints Track
- Consolidated Reports
- Automated Payment Processing

### Benefits:

- Monitor the exact location of their logistics and helps Prime line when they are pitching for high value load work.
- Greater efficiencies in the fleet can be obtained by streamline the tracking process.
- Impacts on organizations at different points in the value chain can be identified and the need for appropriate planning processes highlighted.
- The logistics shipping process is improved & enhanced tracking functionalities.
- No deliveries are misrouted.

## About Mccoy SecureFinance
